Dear town hall members. I'm writing in disapproval of the construction of a hotel at the site of 59 Aquidneck Avenue (formal KJ's). This hotel will directly impact me as a primary direct abutter. I have written before in disapproval of a hotel at this site and I was at the last town hall meeting on the Aug. 11th (along with many other meetings). I have shown support for small businesses that have opened in my area. I have asked questions without disapproval for this same building when it was to operate the "Beach Bar" and /or "Rock Lobster". I was a patron of the last restaurant when it was "Rocco's"

This large scale project is requesting numerous variances, and simply does not fit in this area. Regulations are in place and should be followed. I'm not sure how many years it may take to "define" these variances requested alone. I do know this project has been in continuance for years. I do know that other residents in this area has brought their disapproval to town hall as well.

This site is directly in front of my house and will add to 24 hour stay of transients, increase noise, increase vehicle traffic, change in air flow and sun, increase in taxes, possible strain of municipalities. I appreciate your ongoing hard work on this matter.

Thank you for your time.

Sincerely,

Kerri Lewis
